CMI

Planning continues for CMI 2008 being held at Miami University in Oxford, Ohio May 18-23, 2008! A subset of the CMI Committee and staff met in conjunction with the Annual Meeting in Chicago and had a very productive review of materials and program content. The information from the meeting will be shared with the entire CMI Committee during the December conference call to discuss any necessary adjustments. The Committee members and CMI alum who attended the Annual Meeting participated in the CACUBO Professional Development Opportunity reception, which was a great success!

MRCC Committee

The members of MRCC are excited about this year. Work is starting on the New Attendee program to be held at the St. Louis Workshop and Annual Meeting. Our goal is to inform and engage “first-time” attendees with the outstanding networking and professional development opportunities within CACUBO. Liaison assignments with other CACUBO committees are being renewed and established by committee members. We’ll be looking to add one new initiative this year.

St. Louis Professional Development Workshop Committee

It's the **BIG '4' '0'** for the annual St. Louis Professional Development Workshop and you won't want to miss it! For 40 years this workshop has provided a great opportunity to sharpen your professional skills and it just keeps getting better year after year. The program covers a wide variety of topics within the accounting, human resources, leadership, and communications disciplines. The workshop also provides an excellent opportunity to network with peers about issues on campus and trends in higher education. Mark your calendars for **February 13-14, 2008**.
